

Dear Parents,

We have an exciting project to tell you about!

Recently your child also heard about this project in their Sunday School. We encourage you to talk to your child and ask questions about the camp that their Sunday School has sponsored.

Here's a glimpse into what we shared with your child... The Connexions program is giving your child, along with their Sunday School class, an opportunity to transform a community for only \$35/month. Their monthly contribution will sponsor:

- 40-100 campers to attend camping programs
- Training for 5 young people to take leadership in church-run camp
- Weekly follow-up and outreach programs for campers
- Easter and Christmas outreach programs for the families of the children who attend camps
- The "Joshua Program" - Equipping churches to reach out to neighbouring communities

You might wonder, "What kind of impact can my child make in sponsoring a camp?" The answer is much more than we could ever imagine!

The main focus of Children's Camps International is sending children to camp. For many of these children this will be the first time they hear about a God who loves them ~ showing them that they have value. It's a simple message that too many children haven't heard yet. Again, it doesn't stop there!

We've seen these children become instant evangelists. Many share this message with their friends and family. Countless people have now heard the gospel message and have responded by turning their lives to Christ because someone sponsored a child to attend camp. One of our favorite stories of this happening is of an 84 year-old grandmother who was recently baptized. This woman came to know the Truth of the gospel because her granddaughter, a child who discovered Christ at camp, came home and told her. This isn't an isolated story, it is happening more than we could ever tell you about.

Many churches have reported that since they began doing camping programs for children their church has doubled, tripled and even quadrupled in size!

If you have questions about the Connexions program or how you can do more to reach children in the developing world we encourage you to contact us. You can also check out our website at www.ccicamps.com.
