All are precious..

Kids + Kids Project

Dear Parents,

We have an exciting project to tell you about! Recently your child also heard about this project in their Sunday School. We encourage you to talk to your child and ask questions about the Kids 4 Kids project.

Here's a glimpse into what we shared with your child...The Kids 4 Kids project is giving children an opportunity to reach out to other children just like themselves. It's a mini-sized mission project with a mega, SUPER-SIZED impact! Collecting \$5 doesn't seem like a big deal but it means a whole new outlook on life for many children in the developing world. For every \$5 that is collected in the little box your child will send a child to camp in a country like India. It doesn't stop there! Each child who has the opportunity to go to camp will also be followed up weekly by the caring church leaders who invited them to camp.

You might wonder, "What kind of impact can one week of camp really make?" The answer is much more than we could ever imagine! For many of these children this will be the first time they hear about a God who loves them ~ and that means they have value. It's a simple message but one that too many children haven't heard yet. Again, it doesn't stop there! We've seen these children become instant evangelists. Many share this message with their friends and family. Countless people have now heard the gospel message and have responded by turning their lives to Christ because someone sponsored a child to attend camp. One of our favorite stories of this happening is of an 84 year-old grandmother who was recently baptized. This woman came to know the Truth of the gospel because her granddaughter, a child who discovered Christ at camp, came home and told her. This isn't an isolated story. It is happening more than we could ever tell you about. Many churches have reported that since they began doing camping programs for children their church has doubled, tripled and even quadrupled in size!

If you have questions about this project or how you can do more to reach children in the developing world we encourage you to contact us at K4K@ccicamps.com or call us at (204) 331-4003. You can also check out our website at www.ccicamps.com. We would love to talk to you.
